Counseling? me? really?
why?

"YP's individual counseling has impacted me in so many ways. I found a counselor who has helped me realize that I am entitled to see myself for who I really am and not for what my parents or society thought or assumed I should be. My outlook on life has changed dramatically. I am very happy with the person that is emerging."

-YP Member

YouthPride welcomes gay, lesbian, bi-sexual, transgender, and questioning youth 13-24 and their families.

Membership and all services are free and confidential.

YouthPride's Evolve! program offers free individual, couples, and group counseling in a non-judgemental and confidential environment.
